Yellow Ribbon Program-
Post 9/11 GI Bill benefits (Chapter 33)

MICA is proud to participate in the Yellow Ribbon program for veterans. In order to qualify for the Yellow Ribbon program:

- You must either be a current full-time undergraduate or graduate student in good academic standing or be accepted for full-time admission.
- You must have a Chapter Certificate of Eligibility (COE) from the Veteran's Administration verifying that you are eligible at the 100% level for Chapter 33 benefits

The Veteran's Administration will provide each Chapter 33 benefit recipient a tuition and fee benefit. Additionally, MICA and the VA will provide a matching grant to cover the remaining cost of tuition and fees. If the VA notifies us that you do not have a full semester worth of Yellow Ribbon entitlement, you will only receive a prorated amount of the tuition and fee grant and you will not receive matching grants from the VA or MICA.

Yellow Ribbon funding, with its corresponding MICA Grant and match from the VA, replaces any previously awarded MICA-sponsored grants and/or scholarships. Returning students may still eligible to compete for the Returning Competitive scholarship.

Application Forms are available from MICA's Enrollment Services Office and Certificates of Eligibility (COE) from the Veteran's Administration, verifying that you are eligible at the 100% level for Chapter 33 benefits, must be submitted to the Registrar in MICA's Enrollment Services Office.
