MICA students and alumni use their vision and skills across industries and are powering the creative economy throughout the Baltimore region - and around the world. They are exhibiting artists, creative entrepreneurs, Google animators, filmmakers, comic artists, graphic designers, educators, mobile app developers, architects and so much more. With 97% of self reported 2021 MICA graduates employed or pursuing graduate education, we invite you to join MICA's brightest talent and make the world you imagine.
