Advisor’s First Steps
After you are assigned a case...

1. Review the policy
2. Review the materials provided, if any
3. Reach out to your advisee
4. Schedule a meeting
Meeting with your advisee

1. **Build**
   - Build Rapport

2. **Explain**
   - Explain your role

3. **Advise**
   - Advise them that their conversations with you are not privileged

4. **Go over**
   - Go over the policy and process with them

5. **Ask**
   - Ask them to share their account

6. **Discuss**
   - Discuss the evidence
Make the Party Aware that ...

You are under no obligation to keep the information confidential

- There is no attorney client relationship nor any other recognized privilege between you and the party
- You are not under an obligation to keep what the party tells you confidential

Were this matter go to a court of law, and you were asked to testify, you would have to do so, truthfully

Do this at the outset
Pre-Hearing Tasks

What should be done in advance of the hearing
Pre-Hearing Tasks for the Decision Makers and Chair
Prior to the Hearing

The Chair will provide the names of persons who will be participating in the hearing, all pertinent documentary evidence, and the final investigation report to the parties at least ten (10) business days prior to the hearing.

During the ten (10) business day period prior to the hearing, the parties have the opportunity for continued review and comment on the final investigation report and available evidence. That review and comment can be shared with the Chair at the pre-hearing meeting or at the hearing and will be exchanged between each party by the Chair.

The Title IX Coordinator will give the Decision-maker(s) a list of the names of all parties, witnesses, and Advisors at least five (5) business days in advance of the hearing. Any Decision-maker who cannot make an objective determination must recuse themselves from the proceedings when notified of the identity of the parties, witnesses, and Advisors in advance of the hearing. If a Decision-maker is unsure of whether a bias or conflict of interest exists, they must raise the concern to the Title IX Coordinator as soon as possible.

The Chair MAY convene a pre-hearing meeting.

Pre-Hearing Preparation

Do Your Homework
Exactly, What Type of Homework?

- Review applicable policy language/provisions
- Familiarize yourself with investigative report
- Understand the ins and outs of the report
- What is the timeline of events
- Think about what areas you may want to highlight or expand upon
- What type of questions you will ask

- What are the definitions of those elements?
  - Consent?
  - Incapacitation?
What Does the Advisor Want to Show?

- Credibility?
- Clarification on timeline?
- The thought process?
- Inconsistencies?
Preparing for Cross

- Review and evaluate the evidence
- Identify your narrative, or the version of events that you want to illustrate
- Identify the facts at issue and the findings of fact that you want the decision maker to make
- Plan to highlight the evidence that support the narrative and the findings of fact that you want the decision maker to make
- Prepare an outline of topics to explore

General Questioning Guidelines
Format of Questioning

The decision maker or the advisor will remain seated during questioning.

Questions will be posed orally.

Questions must be relevant.

Advisors can request permission to ask questions electronically, or in writing.
What constitutes a relevant question?

The Department declines to define “relevant”, indicating that term “should be interpreted using [its] plain and ordinary meaning.”

**See, e.g., Federal Rule of Evidence 401 Test for Relevant Evidence:**

“Evidence is relevant if:
• (a) it has any tendency to make a fact more or less probable than it would be without the evidence; and
• (b) the fact is of consequence in determining the action.”
When is evidence relevant?

Logical connection between the evidence and facts at issue

Assists in coming to the conclusion – it is “of consequence”

Tends to make a fact more or less probable than it would be without that evidence
Irrelevant and Impermissible Questions

Questions that seek to illicit irrelevant information
- Complainant’s prior sexual history
- Information protected by an unwaived legal privilege
- Medical treatment and care

Duplicative questions

Information that otherwise irrelevant
When Questioning....

- Be efficient.
- Explore areas where additional information or clarity is needed.
- Listen to the answers.
- Be prepared to go down a road that you hadn't considered or anticipated exploring.
- Take your time. Be thoughtful. Take breaks if you need it.
Foundational Questions to Always Consider Asking

- Were you interviewed?
- Did you see the interview notes?
- Did the notes reflect your recollection at the time?
- As you sit here today, has anything changed?
- Did you review your notes before coming to this hearing?
- Did you speak with any one about your testimony today prior to this hearing?
Common Areas of Where Clarity or Additional Information is Needed

- Details about the alleged misconduct
- Facts related to the elements of the alleged policy violation
- Relevancy of Certain Items of Evidence
- Factual Basis for Opinions
- Credibility
- Reliability
- Timelines
- Inconsistencies
Questioning to Assess Reliability

- Inherent plausibility
- Logic
- Corroboration
- Other indicia of reliability
Questioning to Assess Credibility

No formula exists, but consider asking questions about the following:

<table>
<thead>
<tr>
<th>Question</th>
</tr>
</thead>
<tbody>
<tr>
<td>opportunity to view</td>
</tr>
<tr>
<td>ability to recall</td>
</tr>
<tr>
<td>motive to fabricate</td>
</tr>
<tr>
<td>plausibility</td>
</tr>
<tr>
<td>consistency</td>
</tr>
<tr>
<td>character, background, experience, and training</td>
</tr>
<tr>
<td>coaching</td>
</tr>
</tbody>
</table>
When might it be relevant?

How do you establish a foundation for opinion evidence so that the reliability of the opinion can be assessed?
Never assume that an item of evidence is authentic. Ask questions, request proof. Request further investigation of the authenticity if necessary.
What are the “Hard” Questions

- Details about the sexual contact
- Seemingly inconsistent behaviors
- Inconsistent evidence/information
- What they were wearing
- Alcohol or drug consumption
- Probing into reports of lack of memory
How to Ask the Hard Questions

Lay a foundation for the questions

• Explain why you are asking it
• Share the evidence that you are asking about, or that you are seeking a response to

Be deliberate and mindful in your questions:

• Can you tell me what you were thinking when....
• Help me understand what you were feeling when...
• Are you able to tell me more about...
Special Considerations for Questioning the Investigator

- The Investigator(s) present a summary of the final investigation report, including items that are contested and those that are not;
- The Investigator’s participation in the hearing is as a fact witness;
- Questions directed towards the Investigator shall be limited to facts collected by the Investigator pertinent to the Investigation;
- Neither the Advisors nor the Decision-maker(s) should ask the Investigator(s) their opinions on credibility, recommended findings, or determinations;
- The Investigators, Advisors, and parties will refrain from discussion of or questions about these assessments. If such information is introduced, the Chair will direct that it be disregarded.
Special Considerations for Questioning the Investigator

- Ask questions about how they conducted their investigation
- Explore the investigators decision making
- Seek clarity about evidence collected
- Ask factual questions that will assist in evaluation of the evidence
- If bias is not in issue at the hearing, the Chair should not permit irrelevant questions of the investigator that probe for bias.
- Where it came from
- Authenticity of the evidence
Special Considerations for Panels

If a panel, decide in advance who will take the lead on questioning

Go topic by topic

Ask other panelists if they have questions before moving on

Do not speak over each other

Pay attention to the questions of other panelists

Ok to take breaks to consult with each other, to reflect, to consult with the TIXC or counsel
Special Considerations for Advisor Questioning
First Decide: To Cross or Not to Cross

Special Considerations

WILL SUBMITTING TO CROSS EXAMINATION SERVE THE PARTY’S INTERESTS?

WILL CONDUCTING CROSS EXAMINATION SERVE THE PARTY’S INTERESTS?
Cross Examination
Common Approaches

1. Highlight the evidence that supports your advisee’s narrative/version of events and the findings of fact that you want the decision maker to make.

2. Obtain/Highlight helpful information.

3. If a witness does not have information that is helpful, ask questions that illustrate that they are unimportant.

4. Highlight bias/lack of bias.

5. Highlight credibility and reliability/lack of credibility or reliability.

6. Discounting/Impeachment of the party or witness.
Questioning
How to Discount

1 Confirm
2 Compare
3 Conclude
Discounting Example

Statement A:

During her interview with the investigator, Witness Y stated that she overheard Respondent and Complainant fighting inside of Complainant's bedroom. She stated that Complainant came out of the room crying and that their face was red and swollen. She stated that Respondent followed Complainant out of the room “looking angry” and grabbed Complainant by the arm “aggressively” and pulled them back into the room. The fighting then continued.

Statement B:

At the hearing, Witness Y tells the decision maker that while she heard loud voices, it might not have been fighting. She also stated that the parties came out of the room together, that Complainant looked upset, that Respondent looked concerned, and that they “calmly” went back in the room together.
Confirm

• Witness Y, earlier today you were asked about what you heard and saw on the night in question...
• And you indicated that you heard loud voices, but that you are not sure if it was fighting, is that correct?
• You also said that the parties came out together and then went back into the room, is that what you saw?
• And you are sure of this?
Witness Y, this isn’t the first time you shared your observations of Complainant and Respondent that night, is it?

Did you talk to the investigator about this?

And that statement was provided just two days after the incident, correct?

Do you recall what you said to the investigator?

Did you tell the investigator the truth when you were interviewed?
Conclude

• Witness Y, when you spoke to the investigator, you indicated that you heard fighting, correct?
• And that Complainant came out of the room crying, isn’t that right?
• And that Respondent came out looking angry, correct?
• You also stated that you saw Respondent grab Complainant and drag them back into the room, isn’t that true?
• Since speaking with the investigator, you and Complainant have had a falling out, haven’t you?
The Do’s of Conducting Cross

- Be efficient
- Highlight the portions of their testimony that support your narrative.
- Listen.
- Do make your points through pointed and calm questioning
- Be prepared to go down a road that you hadn’t considered or anticipated exploring.
- Do raise concerns about credibility and reliability
- Take your time. Be thoughtful. Ask for breaks if you need it.
The Do Nots of Cross Examination:

- Don’t rehash everything a witness has said.
- Don’t call folks liars or attack them.
- Don’t rant, rave, loose your temper.
Observe and Listen

Be open to adjusting plans or strategy based on information presented at the hearing.

Make note of any issues that you think may be appropriate for appeal.
The Decision Maker’s Role in Advisor Questioning
The Role of the Decision Maker During Questioning by the Advisors

After the advisor poses a question, the proceeding will pause to allow the Chair to consider it.

Chair will determine whether the question will be permitted, disallowed, or rephrased. The Chair may explore arguments regarding relevance with the Advisors.

The Chair will limit or disallow questions on the basis that they are irrelevant, unduly repetitious (and thus irrelevant), or abusive.

The Chair will state their decision on the question for the record and advise the Party/Witness to whom the question was directed, accordingly. The Chair will explain any decision to exclude a question as not relevant, or to reframe it for relevance.

The Chair has final say on all questions and determinations of relevance. The parties and their advisors are not permitted to make objections during the hearing. If they feel that ruling is incorrect, the proper forum to raise that objection is on appeal.
When Assessing Relevance, the Decision Maker Can:

- Ask the advisor why their question is relevant
- Take a break
- Ask their own questions of the party/witness
- Review the hearing record
Impact of Not Submitting to Cross Examination

Exclusion of all statements of that party or witness
When a Party or Witness Declines to Answer a Relevant Questions Posed by an Advisor

The Chair should:

- Remind the party of the impact of not submitting to cross examination;
- Pause the proceedings to allow the party or witness to reconsider.
After the Hearing
Deliberations
Weighing the Evidence & Making A Determination

1. Evaluate the relevant evidence collected to determine what weight, if any, you will afford that item of evidence in your final determination;

2. Apply the standard of proof and the evidence to each element of the alleged policy violation;

3. Make a determination as to whether or not there has been a policy violation.
Preponderance of the Evidence

More likely than not

Does not mean 100% true or accurate

A finding of responsibility = There was sufficient reliable, credible evidence to support a finding, by a preponderance of the evidence, that the policy was violated

A finding of not responsible = There was not sufficient reliable, credible evidence to support a finding, by a preponderance of the evidence, that the policy was violated
Policy Analysis

• Break down the policy into elements

• Organize the facts by the element to which they relate
Allegation: Fondling

Fondling is the:

- touching of the private body parts of another person
- for the purpose of sexual gratification,
- without the consent of the victim,
  - including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental incapacity.

Practical Application
Scenario 1

During the hearing, Witness 1 appears. Witness 1 answers all relevant questions by the Decision Maker, the Complainant’s Advisor, and the Respondent’s Advisor. After cross by both Advisors, the Decision Maker asks a second round of questions. Witness 1, who is now tired and frustrated, refuses to answer any of the Decision Maker’s follow up questions.

- Can the Decision Maker rely upon/consider the statements of Witness 1?
Scenario 2A

Respondent provides a polygraph report to investigators wherein it is concluded that Respondent is not being deceptive when denying the allegations.

- The Investigator determines the report is irrelevant. Must the Investigator share the report with the decision maker?
Scenario 2B

Respondent provides a polygraph report to Investigators wherein it is concluded that Respondent is not being deceptive when denying the allegations. The polygrapher appears and declines to answer all questions posed on cross by Complainant’s advisor.

- Can the Decision Maker consider the answers to other questions during the hearing? The report?
Scenario 2C

Respondent provides a polygraph report to Investigators wherein it is concluded that Respondent is not being deceptive when denying the allegations. The polygrapher appears and answers all relevant questions on cross.

• Must the Decision Maker find Respondent not responsible because of the findings in the report?
Scenario 3

Complainant provides records of a sexual assault forensic exam. In the record, the nurse notes that Complainant had bruising on her inner thighs and abrasions on her cervix. The nurse does not appear at the hearing. Complaint testifies and fully submits to cross. In her testimony she states that she saw bruises on her inner thighs and that the nurse told her about the injuries to her cervix.

- Can the DM consider evidence of the inner thigh injuries?
- Can the DM consider evidence of the injuries to C’s cervix?
Scenario 4

Respondent appears at the hearing with Witness 7. Respondent would like Witness 7 to provide information testimony about text messages between them and Complainant that indicate that Complainant has made the allegations up.

- Can the DM hear from Witness 7 at the hearing?
The Formal Complaint charges Respondent with sexual assault for engaging in sexual contact with Complainant when she was incapacitated by alcohol. Specifically, Complainant alleges that they were at a party with friends when they met Respondent. Complainant reported that prior to the party she pre-gamed with Witness 1 and they split a bottle of prosecco. Complainant stated that while at the party, Respondent and Witness 2 approached her and her friend, Witness 3, and asked if they would be their partners in a round of beer pong. Complainant reported that she paired up with Respondent and they played several rounds. She further alleged that that Respondent was the one who filled their cups. Complainant stated that she “got drunk fast” and her last memory was of Respondent handing her a celebratory shot because they had won the tournament. Her next memory was waking up on a couch in a bedroom that was unfamiliar to her, naked from the waist down. Respondent was on the floor next to her, asleep. He was under a blanket but was also naked.
Witness 1 was interviewed by the investigator and reported that she and Complainant are roommates, but they are not close. Witness 1 is an athlete and tends to hang out with her teammates. She stated that for this reason, they rarely hang out, but that the night of the alleged incident they did because they were planning on going to the same party. Witness 1 stated that they split a bottle of prosecco, but that Complainant drank most of it because Witness 1 had an early practice the next morning and so didn’t want to get “too messed up.” Witness 1 said that they went to the party together, but then went their separate ways. Witness 1 stated that towards the end of the night, she saw Complainant and described her as “a disaster.” She also reported that Respondent was “practically carrying her” and so she approached them and offered to take Complainant home. According to Witness 1, Complainant said she was fine, but her words were slurred, and she could barely stand. Witness 1 told Respondent to take care of her and he said, “I’m just going to put her to bed.”

She didn’t see either party again that night.

At the hearing, Witness 1 gave testimony that was substantially the same as what she told the investigator.
Witness 2 told the investigators that he is Respondent’s best friend and teammate. Witness 2 stated that when looking for partners for the beer pong tournament, Respondent saw Complainant and Witness 3 and suggested that they approach them because Complainant “was hot” and Witness 3 “looked drunk enough to be a good time.” Witness 2 said that Complainant was fine and didn't appear to be that drunk. He also stated that she made most of the winning shots after several rounds of the game so she couldn’t have been too messed up. When asked who was filling the cups, he said that he wasn't sure who did it each round, but he definitely saw Complainant fill them on two occasions. After the tournament was over, he helped Witness 3 get home and so didn’t see Complainant and Respondent again that night. He also mentioned that he and Witness 3 are now dating.

At the hearing, Witness 2 testified that Complainant was fine. He also stated that Respondent never filled Complainant’s cup and that Complainant was all over Respondent the entire night.
Witness 3 was Complainant’s best friend at the time of the incident. They are no longer close and Witness 3 is now dating Witness 2.

Immediately following the alleged incident, Witness 3 told the investigators that Complainant was already drunk when she got to the party. She stated that Respondent and Witness 2 asked them to play beer pong and they agreed. She stated that the parties seemed to hit it off immediately. She stated that they won the tournament and so played at least five rounds and that by the end of the game Complainant was the “drunkest she had ever seen her.” Witness 3 stated that Complainant was slurring her words, couldn’t stand on her own, and was really loud, which is not like her. Witness 3 stated that that she was pretty drunk too, but not as bad as Complainant. Witness 3 stated that she left the party with Witness 2.

At the hearing, Witness 3 stated that she may have exaggerated her description of Complainant when she spoke to the investigators. She told the decision makers that although Complainant drank a lot, she wasn’t that out of it, because she had a high tolerance and drank a lot all the time.
