

### Total Credits Required: 60 Credits Minimum

**MFA students must complete 48 credits of Seminar, Practicum and Studio + 12 liberal arts credits to graduate.** Students typically pace liberal arts courses - one per semester. However, some students “double up” or enroll in (2) two courses in their first and second semesters to dedicate additional time to studio in their 2nd year. **Students register for a minimum of 15 credits total per semester to reach 60 credits.**

Consider additional electives to concentrate in Curatorial Practice or Critical Studies and /or You+ Professional Development coursework. It’s important to be mindful of your studio time as well as Graduate Teaching Internships (GTIs) during the week when building your schedule. Your program director is a great resource to discuss both time management and electives that complement your practice.
