

Self Storage near MICA

Share a storage unit - and its costs - with a friend!

Sometimes the difference between a 5' x 10' unit and a 10' x 10' unit is only a couple dollars a month. Sharing with a current (or future) roommate can save a lot of money!

Be mindful of facility access hours

Some facilities are only open during weekday business hours, and some are open much earlier and later. That may not be a problem if you're only moving things in and out once.

Think about climate control

While we recommend using an indoor facility, you might not need one that is air conditioned. Baltimore summers get pretty hot, though, and some art materials can't handle extreme temperatures.

BYOL (Bring Your Own Lock)

All storage units require a lock, and the ones they sell in the facility office can be expensive. Purchasing a lock ahead of time can save money and give you more options (key vs. combination, etc.).
